HIGHLIGHT FEATURES

PURE PERFORMANCE WITH SLEEK STYLE

The Neptune X features a unique aluminum top construction design with high quality dust-proof mechanical key switches to ensure you enjoy stellar performance, even in the most intense gaming sessions.

ANTI-GHOSTING WITH N-KEY ROLLOVER

USB N-Key Rollover Function allows the Neptune X to hit a combination of keys at once to ensure your gaming session is as fluid as it can be, without obstacles!

MACRO & PROFILE SUPPORT

Customize with the Tt eSPORTS gaming software and take control of the most expansive set of macros and personalization options. Give yourself full control to program multiple keystrokes to a single key, change backlighting effects with intuitive keyboard commands or set with easy to quick launch custom game profiles.

HIGHLIGHT FEATURES

FULL RED LED ILLUMINATION

Per key illumination provides the brightest visibility and eye-catching style for your gaming session. Take it a step further and choose between 8 different lighting effect settings with 6 individual levels of brightness and 6 individual levels of lighting speed to further customize your gaming options.

GAME TO YOUR GENRE

5 pre-configured game genre lighting zone illuminations: FPS1,FPS2,MMO,MOBA and RTS for that all important gaming advantage during gameplay. You can also customize your own uniquely lighting zones to effortlessly enhance your gaming experience in a way that is unique only to you.

HIGHLIGHT FEATURES

COMPATIBLE WITH CUSTOM KEYCAPS

Customize each key with your own CHERRY MX compatible keycaps.

FLOATING KEYCAP DESIGN & FLAWLESS ALUMINUM LOOK

With a splendid black brushed aluminum faceplate construction, coupled with individual key illumination design, the Neptune X allows enthusiasts to not only challenge the game, but game in style as well.

DOUBLE INJECTION KEYCAP

Double injection keycaps are built by two different colors of plastic combined. The keycap surface and the character will not be worn out. The LED lights can emit the light through the keycaps like other ABS backlit keycaps.

HIGHLIGHT FEATURES

The NEPTUNE X utilizes a powerful onboard memory chipset and processor to power it's advanced on-the-fly system that enables users to control all essential functions right at their fingertips; and removes the need for any software switch, thus providing an easy to use and hassle free experience.

Functions include:
◎ LED lighting mode adjustment
◎ Backlighting brightness / direction / speed adjustment
◎ Multimedia key shortcuts
◎ Customized zone backlight recording
◎ WASD / Arrow keys switchable
